

15 Week Calendar/Schedule for Remedial Classes Spring 2017

For each course, the syllabus has a recommended week-by-week schedule for coverage of math topics – We recommend that you follow it to be sure that you adequately cover all topics. Dates for the Dept. Midterm Exam and the Dept. Final Exam (both tries) are FIRM, so instructors MUST BE CERTAIN THAT THEY HAVE COVERED ALL TOPICS INCLUDED ON EACH EXAM, including making time for at least one class meeting dedicated to exam review, before each of these exams.
